

YUNIKA^Y LAW

THE FIRM

LEGAL SERVICES for
INTERNATIONAL
BUSINESS

Spain • Europe • Latin America

International legal counsel, with a local perspective.

YUNIKA LAW is a Spain-based boutique law firm with an international and multicultural approach, providing tailored legal advice to businesses operating across Spain, Europe and Latin America.

Our multilingual team combines strong legal expertise with an understanding of international business environments.

Our experience supporting companies from around the world, including American, Chinese and Korean businesses, allows us to bridge legal, commercial and cultural differences across different projects.

A RELIABLE PARTNER FOR INTERNATIONAL LAW FIRMS

YUNIKA LAW acts as a trusted Spanish and European counsel for international law firms and their clients, providing local support in Spain and the EU.

We also work closely with international partners on cross-border matters for our clients, coordinating and centralizing legal support across corporate, commercial, regulatory, IP, employment and dispute matters.

Spanish • English • Italian • Mandarin Chinese • Korean

Spain • A strategic base for European operations

For international businesses, Spain can be more than a destination market. Its well-positioned location, steady economic growth, and dynamic and international outlook, make it a strategic base for European operations and access to broader international markets, including Latin America and other regions beyond the EU.

At YUNIKA LAW, we support companies not only in establishing their legal presence, but in turning their expansion plans into operationally viable businesses thanks to our experience and strong network of collaborators.

From market entry and corporate structuring to contracts, regulatory requirements, immigration, compliance and dispute resolution, our advice is tailored to the realities of each project.

MARKET ENTRY

- Corporate structure
- Foreign investment
- Authorisations

OPERATIONS

- Contracts
- Distribution
- Compliance

GROWTH

- IP & data
- Risk management
- Disputes

Understanding your needs Practical Solutions

We look beyond incorporation and formal legal requirements. Our role is to help clients navigate the practical legal issues that arise when establishing, operating and growing a business in Spain and Europe.

Our advice is grounded in the client's business reality. We advise on how to enter the market, structure operations, work with local partners, manage risk and protect business as it grows.

We advise on contracting, regulatory requirements, compliance, data protection, employment and business mobility, coordinating with other professionals whenever a project requires multidisciplinary or local expertise.

Legal support built around the business.

01 Corporate & Commercial

From incorporation and corporate structuring to foreign investment, commercial agreements and ongoing corporate matters.

02 Contracts

We draft, review and negotiate commercial agreements designed to support business objectives while protecting our clients' interests.

03 Regulatory & Compliance

Practical guidance on regulatory environment, administrative authorisations, product requirements, consumer protection, data protection, labour matters and corporate compliance.

04 Technology & Digital Business

Advice for technology-driven businesses on digital models, software, data, technology transactions and complex disputes with a strong technical component.

05 Intellectual Property

Protecting assets through trademarks, patents, designs, copyright and IP strategy across Europe and Latin America, including enforcement and anti-counterfeiting measures.

06 Immigration & Business Mobility

Work and residence permits, investor and entrepreneur visas, intra-company transfers and other business mobility solutions.

07 Disputes & Recovery

Representing businesses in commercial litigation, arbitration, employment disputes and debt recovery, with a focus on practical solutions while protecting long-term business interests.

Beyond legal matters, we provide representation and support our clients in their relations with banks, insurers and institutional stakeholders.

Experience across sectors and business models
